

*We are all loved*

*the challenges of life make us stronger*

*There is no God but God*

*We are incredibly blessed in this life*

*There is Enough of Everything*

*The Smallest Light dispels the darkness*

*There is magic all around you*

*When you are blue, rest and renew*

*In the depths of our journey, we reclaim our Soul*

*The Mercy of God is beyond imagining. We give Thanks.*
